

NORTH AMERICAN POWER CREDIT ORGANIZATION

Designed for credit and risk professionals in the power and energy industry at large, North American Power Credit Organization (NAPCO) is not just a conference – it is a place to meet! NAPCO has two conferences a year – in March and September – consisting of a two-day program that provides both education relating to current credit issues in the wholesale energy industry as well as numerous engaging networking events.

Conferences provide a relaxed environment to meet your industry peers as well as engage with top industry experts – we encourage interaction at all levels. The format of our education and networking sessions provides you and your staff an opportunity to truly connect with industry peers and to make lasting professional connections. Conference locations are easy to get to, and we know budgets are tight so costs of attendance are kept low without sacrificing a quality experience.

Company annual membership in NAPCO is company-wide, which means it covers *all* of your staff (not just one employee). This represents a significant savings for your company and department budget. ***NAPCO events are not to be missed – please take this opportunity to participate!***

NAPCO is the best training and networking value out there in the industry. The education sessions are excellent and relevant to my needs, and program events provide me with a way to network with my peers in a fun and relaxed manner.
